

How to use foxFlash Manager and foxFlash software

1. Go to <https://www.dfb-technology.com/download.html> download foxFlash Manager app

The screenshot shows the foxFlash website's 'Download - Driver list & Instructions' page. The navigation bar includes 'Home', 'Fox Flash', 'News', 'Download', 'Driver List', 'Facebook Group', 'Order', and 'Contact'. The 'Download' link is highlighted with a red arrow. Below the navigation bar, there are two main sections: 'Driver list' and 'Software'. The 'Driver list' section contains two PDF files: 'ECU Driver list (ENGINE)' and 'TCU Driver list (TCU - Gear)'. The 'Software' section contains a ZIP file named 'foxFlash Manager tool', which is highlighted with a red arrow. Below the ZIP file, there are two columns of information: 'Compatible operating systems' and 'Recommended minimum requirements'. The compatible operating systems are Windows 7, Windows 8/8.1, Windows 10, and Windows 11. The recommended minimum requirements are CPU > 2.5 GHz (Intel i5, i7) and RAM > 4GB.

2. install this software on your laptop

Name	Date modified	Type	Size
FoxflashManagerSetup	11/20/2022 7:13 PM	Windows Installer ...	29,988 KB
